FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

In the Matter of)
)
Amendment of Section 73.202(b)) MM Docket No. 98-27
Table of Allotments,) RM-9188
FM Broadcast Stations.)
(Munds Park, Arizona))

To: Chief, Allocations Branch, Policy and Rules Division

COMMENTS OF DANCING TERRAPIN BROADCASTING

Dancing Terrapin Broadcasting (hereinafter "petitioner"), by its attorney, submits herewith its comments in support of the allotment proposed by the Commission in its Notice in the above-captioned matter.

1. **Background.** By a petition for rule making dated October 8, 1997, petitioner asked the Commission to allot Channel 291A to Munds Park, Arizona, as its first aural service. The Commission adopted its notice of proposed rule making on February 25, 1998 (released March 6, 1998), noting that the allotment could be made consistent with the Commission's spacing requirements (paragraph 4). The Commission requested further information "to demonstrate that Munds Park is an identifiable population grouping with businesses and community organizations that identify themselves with that community" (id., paragraph 2; citation

10 copies rec'd
FCCOEE

04

omitted). These comments are submitted in response to that request.

2. **Discussion.** The Commission has consistently interpreted its responsibilities under Section 307(b) of the Communications Act to require, in allocation proceedings, a showing that the proposed community of license is in fact a "community". If the community is incorporated, or is listed in census reports, its status as a community is presumed. FM Channel Policies/Procedures, 90 FCC 2d 88, 101 (1982). Otherwise, the Commission requests information showing the existence of a common perception that the proposed community is a distinct population grouping. Id.

3. The indicia to which the Commission has historically looked in such cases are well established by now, nor are they difficult to comprehend. The attached Statement of Gary A. Witte (four pages plus eleven numbered attachments) provides an exhaustive showing that Munds Park is in fact a distinct community. Counsel will not here clutter the record by repeating the showings of fact made in the Statement, but will simply organize some of the factual statements under the broad category headings which the Commission has previously found relevant.

4. In Gretna et al., Florida, 6 FCC Rcd 633, 634 (All. Branch 1991), the Commission stated that one documentary proof

that a community is a distinct population grouping is the existence of political, commercial, social and religious organizations with a nexus to the population in question. Petitioner has shown that Munds Park is such a population grouping: perhaps most graphically, by submitting the "Munds Park" section of the local phone book, Attachment 2 to the Statement. That section of the phone book is sixteen pages long, quadruple-columned, with numerous organizations listed with Munds Park addresses. In Semora, North Carolina, 5 RCC Rcd 934 (1990), the Commission indicated that organizations and churches which include the name of the community in question in their own names is a relevant factor. In paragraphs 5 and 7 of his Statement, Mr. Witte has identified the following: Motel in the Pines Munds Park; Munds Park Community Church; Munds Park Exxon; Munds Park Post Office; Munds Park RV Campground; Munds Park Beauty Salon; Munds Park Maintenance A-Z; and Munds Park Mini-Storage. In addition, paragraph 6 of the Statement identifies several organizations with "Pinewood" in their names.¹

5. In Gretna and in Semora, the Commission noted that photographs of local churches would be considered. Two photos of Munds Park Community Church, the first showing a signboard and the second showing a sign on the church building, both

¹ As explained in paragraph 7 of the Statement, Pinewood is a planned

reading "Munds Park Community Church", are provided in Attachment 8 to the Statement.

6. Semora also looked to the existence of a local fire department. A photo of such is also included in Attachment 8 to the Statement.

7. In Beacon Broadcasting, 2 FCC Rcd 3469, 3471 (1987), one factor the Commission noted is relevant would be highway signs with the name of the distinct community. In Attachment 8 to his Statement, Mr. Witte has provided photos of two highway signs with directions to Munds Park.

8. In Gretna, Semora and Beacon, the Commission recognized that documentary evidence of local businesses using an address in the community in question would be relevant. Petitioner has provided a huge amount of such evidence. As previously noted, Attachment 2 to the Statement, consisting of the Munds Park section of the local phone book provides numerous business listings with Munds Park (and Pinewood) addresses. Attachment 3 is a brochure from a realty firm with two Munds Park addresses; Attachment 3 includes a "Pinewood Services Directory", including businesses with "Pinewood" or "Munds Park" as part of their name. Attachment 4 consists of pages from the local newspaper, which has a Munds Park mailing address. Attachment 9 is a bill and newsletter from the

community within, but not coterminous with, Munds Park.

Pinewood Sanitary District, which uses a Munds Park mailing address. Attachment 10 is a newsletter from the Pinewood Country Club, which has a Munds Park mailing address. Attachment 11 is a flier from the Pinewood Players, a community theater group, which maintains a Munds Park mailing address.

9. In Semora, the Commission also looked at another kind of factor. Although the community in that case comprised only 150 people, it was found to be a "real" community, in part, because it was not close to a larger municipality. Petitioner has made the same showing here. In Attachment 1 to his Statement, he provides two parts of a US Forest Service map of Coconino National Park. (Surely this map, issued by a US Government entity, should be given as much weight as the state government map cited in Beacon at 3471.) The first page shows that Munds Park is physically distinct from Flagstaff to the north, the second that it is separate from Sedona to the southwest. Munds Park is surrounded by much "green space", actually as well as metaphorically. In fact, petitioner has dramatically shown just this by submitting aerial photographs of Munds Park taken from several directions (Attachment 8 to the Statement). It is clear that Munds Park is not a mere appendage of any other community.

10. All this evidence clearly shows that the residents of Munds Park function as, and conceive of themselves as, residents of a community, with its own population, businesses, a newspaper, at least one church and a community theater. The evidence is voluminous and overwhelming, and exists not in the abstract but in accord with the specific kinds of proof relied upon by the Commission in its leading cases. There can be no doubt that Munds Park qualifies for an FM allotment—in other words, that Munds Park is a "community" in the sense in which the Commission interprets its responsibility under Section 307(b) of the Communications Act.

11. **Continuing Interest.** Finally, petitioner has underscored its continuing interest in the proposed allotment (Statement, paragraph 18).

12. For these reasons, the Commission is respectfully requested to expeditiously grant the proposed first local service allotment to Munds Park.

Respectfully submitted,

DANCING TERRAPIN BROADCASTING

April 24, 1998

Statement of Gary A. Witte

1. I am Gary A. Witte, President of Dancing Terrapin Broadcasting, an unincorporated association. Our petition for rulemaking to allot FM Channel 291A to Munds Park, Arizona, as that community's first local aural transmission service, led to the Commission's Notice of Proposed Rule Making in MM Docket No. 98-27, released March 6, 1998. This statement is in response to that Notice.

2. Since the filing of the petition, my address has changed. The Commission is respectfully requested to send any notifications in this matter to: Dancing Terrapin Broadcasting, Post Office Box #5255, Lake Montezuma AZ 86342.

3. I have been a resident of the area in question for approximately three years. I am very familiar with Munds Park and know it to be an identifiable population grouping with businesses and community organizations that identify themselves with that community. Attached to this statement are several documents which support this assertion and supplement the factual showings previously made in the petition.

4. Attachment 1 is a Forest Service map showing that, as a geographical fact, Munds Park is physically distinct from other communities. Two portions of the map are enclosed, showing that Munds Park is separate from Flagstaff in the north and from Sedona in the southwest. Munds Park is in Coconino County, Arizona, which is a vast county with a fairly sparse population, where, as is typical in the West, the communities tend to be physically separate from each other.

5. Munds Park's status as an identifiable community is recognized by the phone company. Attachment 2 consists of pages 232-247 of the US West telephone book for "Sedona, Cottonwood, Verde Valley and Flagstaff" (April 1997-April 1998). This section of the phone book, as is evident, is entitled "Munds Park". In addition to numerous personal listings, the phone book also shows many businesses and organizations. Perhaps most telling evidence that the organizations identify themselves with Munds Park instead of any other community are those which contain the words "Munds Park" as part of their name: Motel in the Pines Munds Park; Munds Park Community Church; Munds Park Exxon; Munds Park Post Office; Munds Park RV Campground.

6. Attachment 2 also shows many individuals and organizations with an address in "Pinewood". In addition, page 242 of the directory includes several organizations with "Pinewood" as part of the name: Pinewood Chevron; Pinewood Chimney & Home Services; Pinewood Country Club; Pinewood Fire Department; Pinewood Gardens; Pinewood Home Center; the Pinewood News; Pinewood Pizza Company; Pinewood Realty; Pinewood Rental Management; Pinewood RV Park; Pinewood Sanitary District Office.

7. To eliminate any possible confusion, I note here that Pinewood is a planned community within, but not coterminous with, Munds Park. Attachment 3 consists of part of a brochure obtained from a local realtor and makes clear (see the first page with text in Attachment 3) that Pinewood is "in Munds Park, Arizona". Pinewood alone (irrespective of Munds Park) has more than 2,500 homes. Part of Attachment 3 included here is a "Pinewood Services Directory",

with listings of organizations including some with "Munds Park" in their names not listed as such in the phone book: Munds Park Beauty Salon; Munds Park Maintenance A-Z; Munds Park Mini-Storage. Of course, all organizations listed in the phone book with a Munds Park or Pinewood address, whether or not they contain the words "Munds Park" or "Pinewood" as part of their names, evidence that Munds Park is a real community with its own businesses and other entities.

8. The two final pages in Attachment 3 show that Pinewood Realty has two branches, each, significantly, with a Munds Park mailing address.

9. Attachment 4 consists of pages from "The Pinewood News", which, as can be seen under the logo, has a Munds Park mailing address.

10. Attachment 5 is from "Arizona's Names" by Byrd Howell Granger. It has a separate listing for Munds Park (page 427). It explains that the "designation 'park' in the west usually refers to a natural clearing with a park-like aspect."

11. Attachment 6 is from "Arizona Facts" (John Clements, 1989) listing Munds Park as an unincorporated community within Coconino County (page 86).

12. Attachment 7, from a book titled "Those Early Days: Oldtimers' Memoirs", shows that the distinct history of Munds Park dates back to 1883, when James Mund took a homestead there (section beginning page 128).

13. Attachment 8 consists of seven pages of photographs. These photos show roads signs on I-17 with the name "Munds Park", a number of aerial photographs showing that Munds Park is surrounded by Coconino National

Forest and is distinct from other population groupings, and photos showing the signs of the Pinewood Fire Department and Munds Park Community Church.

14. Attachment 9 consists of the following material from the Pinewood Sanitary District: a bill showing that the District has a Munds Park mailing address, and a newsletter.

15. Attachment 10 is a newsletter from the Pinewood Country Club, which maintains a Munds Park PO box.

16. Attachment 11 is a brochure from the Pinewood Players, showing a Munds Park PO box.

17. In summary, these materials only serve to document what any resident of the area knows: Munds Park is a distinct population grouping which is geographically and psychologically distinct from other communities, with its own businesses and organizations. The additional statements of fact originally presented to the Commission in the petition for rulemaking are incorporated herein by reference.

18. I intend to apply for the channel if it is allotted and, if authorized, to build a station promptly.

19. The foregoing is true to the best of my knowledge and belief.
